

PRODUCT CHANCE NOTIFICATION

Date: May 16th, 2012

PCN: PCN LEDIL037

Subject: Package quantity changes for multiple products.

Description: As part of our continuous improvement process regarding logistics & shipments LEDiL has modified the layout on the tape sheets to accommodate more products. The amount of products per tape sheet will grow from 60 pieces per sheet to 72 pieces per sheet. This way, one layer (two tape sheets) will contain 144 products instead of the previous 120. This allows shipment in larger quantities without increase in shipping size. MOQ for all products below will change from 360 to 432.

Time line: We will deplete old style package in stock by shipping this first. You will be informed by warehouse which carton size to expect.

Numbering:

Ordering code:	Old carton qty	New carton qty	Layers	Old qty per layer	New qty per layer	Old MOQ	New MOQ
