

CONFLICT MINERAL POLICY

LEDiL is committed to upholding human rights and ethics in our business, operations and supply chain. We only source our products and materials from environmentally and socially responsible suppliers that are not associated with crime, armed conflict or human rights abuses.

Hereby LEDiL is committed to ensuring conflict free sourcing of conflict minerals (tantalum, tungsten, tin, and gold) that do not finance the conflict in the Democratic Republic of Congo ("DRC") and adjoining countries. We expect our suppliers of components containing the above minerals to take similar measures with their suppliers to ensure alignment in the whole supply chain.
